Each school shall have a skier in each seed section. The first seed order shall be drawn randomly and each following seed will follow this same order. Each school must submit the order they wish their skiers to appear. They will be placed in seeds accordingly. Racers will keep the same bib number and start order for both the giant slalom and slalom runs.

Starting order will be as follows:

- High School girls
- High School girls individuals
- High School boys
- High School boys individual

Racer bibs must be visible at all time during course inspection. The course is closed until inspection direction has been given by the Jury prior to the race. Any changes to this are at the discretion of the Technical Delegate.
- (c) The convener is responsible for obtaining the following competently trained individuals for each race course:
- chief of race;
 - chief of course;
 - chief gatekeeper and gatekeepers as required;
 - starter and assistant starter;
 - chief timekeeper and recorder;

- (f) In the case of missed times, provisional re-runs will be granted.
- (g) A skier can finish the race with all or no pieces of equipment. i.e. if a skier loses a ski or pole they can continue without it.
- (h) If interfered with, the skier should ski out of the course at the point of interference and immediately report to an adjacent gatekeeper and the finish referee to request a re-run.
- (i) If overtaking a racer, the skier must ski out of the course and will be granted a provisional re-run at the discretion of the jury.
- (j) A racer who misses his/her start may have to wait until the end of his/her particular seed.
- (k) The last bib number will remain the last racer and will race after all of the re-runs.

9. UNIFORM AND EQUIPMENT:

All skiers must have ski brakes. In the Giant Slalom and Slalom competition, all racers must wear a protective GS helmet designed for skiing or snowboarding.

All competitors are expected to dress in clothing that is safe, neat, clean and which maintains the integrity of the school's/Association's name, colors and logos.

Snow sports helmets must be worn by all coaches and officials while on the hill.

Recording devices and drones are not allowed on course during inspection. Only coaches will be allowed to use recording devices during the race. Under no circumstances shall a racer be allowed to have a recording device on the course.

10. SCORING

In the case that only one run of slalom and one run of giant slalom are possible, each run shall be classified as an event. (ie. scored as separate races)

- (a) The competitor with the fastest total time in each event shall receive 1-point; the 2nd fastest time, 2 points; 3rd, 3 points; etc. In case of ties, the individual competitors' total times for both events shall be used.
- (b) Team scores in each of the Girls' **High School**, Boys' **High School**, Girls' **Open** and Boys' **Open** shall be calculated by adding the best three individual scores for that team in Slalom and again in the Giant Slalom races. In the case of a tie for first place, the lowest total of individual times of the three racers will be used. If a tie still exists, the place of the tied teams' 4th place finisher shall be used. There are no Combined Girls' and Boys' Teams.

(c) Disqualifications:

- (i) disqualifications in the first run will not receive a second run (a provisional run may be given only by the Jury of Appeal); (This only holds true if there are two runs of slalom and two runs of Giant Slalom)
- (ii) DNFs (Did Not Finish) and those who missed gates shall receive a score which is twice the number of disqualifications or 50% of the total field, whichever is greater, added to the last proper score in that event. Disqualifications do not include DNS (Did Not Start), profanity, unsportsmanlike conduct, other infractions, changed numbers, etc. Such competitors will not be assigned a score.

11. **AWARDS:**

- (a) Team championships shall be declared for each of Girls **High School**, Boys **High School**, Girls **Open** and Boys **Open**. Medals shall be presented to the first three teams in each category (five medals for each team).
- (b) Individual medals shall be presented to first, second and third places.

12. **MEDICAL** Ski patrol facilities must be available for the full period of the meet. A member of the ski patrol must be at the top of course with a toboggan available for the duration of the race. Schools are responsible for “off-course” first aid and related expendables. School/Board rules for reporting injuries must be followed as well as CSPS procedures.

13. **SUPERVISION** Student will be under staff supervision at all times.
ALSO; each school is required to bring adequate personnel to assist in running the event. Adults are needed for; Starting, Finish Judge, Statistics, Gate Supervision, youth assistance is needed as gatekeepers. (At any one time each school needs to supply 4 gatekeepers – this may be on rotation, but supervised!)
As a guideline, each school needs one teacher/coach, one other adult, and four students as gatekeepers.

14. **MEETING** There will be coaches’ meeting one hour prior to the published time of the first race.

15. **GATEKEEPING** The validity of the meet depends upon this task being efficiently carried out. Non-racing students are very anxious to ski, and this hinders prompt starting. Ski coaches are asked to ensure that ALL students attending to carry out this task are present at a meeting 45 minutes prior to the first race. Each association will be allocated specific gates and conducted to the precise location.

16. **JURY** A jury of three shall be nominated prior to competition. This shall consist of three staff members from different schools in different associations. In the event of protest being made by one of the schools represented on this jury the convener shall appoint an alternate FOR THAT PROTEST. Protest shall be submitted in writing, supported by \$25, repayable if the protest is upheld. Protest must be submitted within 30 minutes of posting of any result. Decisions of the Jury shall be final.
